## PROFESSIONAL SUMMARY

Motivated and talented React frontend developer, passionate about creating captivating user experiences through innovative design and proficient code implementation. Seeking to leverage knowledge and skills to contribute to a dynamic development team.

## TECHNICAL SKILLS

ReactJS

Javascript

HTML and CSS

NextJS

Redux

Tailwind

RestAPIs

SQL

Git

## EDUCATION

### Full-stack Web Development

NeoG Camp [🔗](#)

February 2023 – present | Bangalore, India

### Bachelor of Engineering ( CSE )

M.G.M College of Engineering

2018 – 2022 | Nanded, India

## PROFESSIONAL EXPERIENCE

### DRDL

Software Engineer Intern

April 2022 – July 2022 | Hyderabad, India

- I successfully completed an internship at **DRDL**, where I gained invaluable hands-on experience in **data acquisition systems** alongside a proficient team of four members.
- I optimized PXI module use and enhanced it with a Python Tkinter GUI for superior data acquisition.

### Infosys

System Engineer Trainee

October 2022 – April 2023 | Pune, India

- Staying updated with the latest frontend development trends and best practices
- Participating in team meetings and contributing to project discussions
- Troubleshooting and resolving frontend-related issues

## PROJECTS

### TheFace [🔗](#)

A skincare products e-commerce web app featuring categorized products for effortless shopping.

- **Tech Stack:** React | Javascript | HTML | CSS

- **Area of Responsibility:**

- User-friendly homepage, responsive design, authentication (login, logout, signup), secure payments (**Razorpay**), powerful search, and comprehensive product listings.
- Wishlist and cart functionality for convenient saving and purchasing of skincare products.

### MoshiMoshi [🔗](#)

A social media app for anime enthusiasts to connect, share, and discover their favorite anime shows and characters.

- **Tech Stack:** React | Javascript | HTML | RestAPI | CSS

- **Area of Responsibility:**

- Enhanced UX with React, useReducer, and useContext, integrated **APIs** for real-time anime data, and **sorted** and **filtered** posts for improved organization.
- Robust user profiles, customizable avatars, bios, and portfolio URLs, plus features like Explore Feed and post interactions (create, edit, delete, like, bookmark, follow/unfollow).
